

# Kayak Demo

Demos are available but must be booked in advance. We hold kayaks for demos in Heraklion, Crete and also during the summer months in our kayak base (via our sister company [enjoy-crete.com](https://enjoy-crete.com)) at Ilingas beach in Chora Sfakion.

We also got demo boats in Athens; get in [touch with us](#) to arrange a demo day.

There is a charge for demo-ing of 40€ for composite kayaks. This is fully refunded if you buy a kayak from us within a month; you can try as many boats as you like for that price.

If you want to come back another day for a longer test (many days) you will have to rent a kayak direct from [enjoy-crete](https://enjoy-crete.com) which is licensed to rent kayaks (it is a complex law in Greece which doesn't allow to rent kayaks without a specific license from the coast guard).

From April to October we run "demo days", where we load up all our kayak models and take it to various locations for people to try. These demo days are free to attend, but you won't get as much time in the boat as you will by coming to us, and you will need to bring your own paddling equipment.

## Booking for demo

Just [contact us](#) with your preferred date and roughly the time. Don't forget to add in your message your full contact details (email and a phone).
